

The listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Cancel)

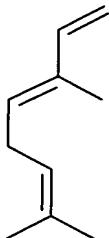

2. (Currently amended) A method of treating or preventing cancer comprising administering to a patient in need of such treatment an effective dose of a compound, wherein the compound is a terpene or oxygenated derivative thereof, and the terpene is selected from the group consisting of:

¶

and

cis-beta-Ocimene;

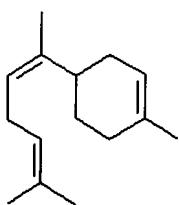

trans-beta-Ocimene; and

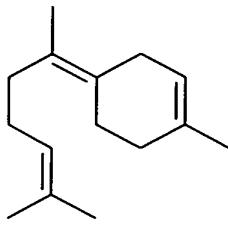

¶ monocyclic sesquiterpenes of the bisabolene type.

3. (Currently amended) The ~~use of claim 1 or the~~ method of claim 2, wherein the compound is trans-beta-ocimene.

4. (Currently amended) The ~~use of claim 1 or the~~ method of claim 2, wherein the compound is

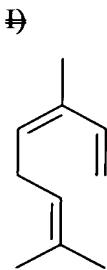

alpha-bisabolene or

γ-bisabolene.

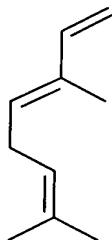

5. (Currently amended) The ~~use of claim 1 or the~~ method of claim 2, wherein the compound is ~~used~~ administered at a concentration of between 0.2 μM and 100 mM.

6. (Currently amended) A pharmaceutical composition comprising a terpene compound or oxygenated derivative thereof, wherein the terpene is selected from the group consisting of :

-and-

cis-β-Ocimene;

trans-β-Ocimene; and

II) monocyclic sesquiterpenes of the bisabolene type,

in combination with a pharmaceutically acceptable excipient, carrier, adjuvant or vehicle.

7. (Currently amended) The pharmaceutical composition according to claim 6, which is formulated so that a single unit dose of the composition provides the terpene compound at a concentration of between 0.2 μM and 100 mM ~~per unit dose~~.

8. (Currently amended) The ~~use of claim 1 or the~~ method of claim 2, wherein the cancer is selected from the group consisting of breast cancer, ovarian cancer, prostate cancer, colon

cancer, lung cancer, pancreatic cancer, bowel cancer, melanoma, testicular cancer, cervical cancer, fibrosarcoma, squamous cell carcinoma, leukaemia, astrocytoma and glioma.

9. (Currently amended) ~~Use of a *Commiphora guidotti* extract in the manufacture of A method of making a medicament for the treatment or prophylaxis of cancer comprising: combining a *Commiphora guidotti* extract with a pharmaceutically acceptable excipient, carrier, adjuvant, or vehicle.~~

10. (Original) A method of treating or preventing cancer comprising administrating to a patient in need of such treatment an effective dose of a *Commiphora guidotti* extract.
